SEC. 103. FINDINGS AND PURPOSES.

(a) **FINDINGS.**—The Congress makes the following findings:

(1) Red Rock Canyon is a natural resource of major significance to the people of Nevada and the United States. It must be protected in its natural state for the enjoyment of future generations of Nevadans and Americans, and enhanced wherever possible.

(2) In 1998, the Congress enacted the Southern Nevada Public Lands Management Act of 1998 (Public Law 105-263), which provided among other things for the protection and enhancement of Red Rock Canyon.—

(3) The Corporation owns much of the private land on Red Rock Canyon’s eastern boundary, and is engaged in developing a large-scale master-planned community.

(4) Included in the Corporation’s land holdings are 1,071 acres of high-ground lands at the eastern edge of Red Rock Canyon. These lands were intended to be included in Red Rock, but to date have not been acquired by the United States. The protection of this high-ground acreage would preserve an important element of the western Las Vegas Valley viewshed.—

(5) The Corporation has volunteered to forgo development of the high-ground lands, and proposes that the United States acquire title to the lands so that they can be preserved in perpetuity to protect and expand Red Rock Canyon.

(b) **PURPOSES.**—The purpose of this title are:

(1) To accomplish an exchange of lands between the United States and the Corporation that would transfer certain high-ground lands to the United States in exchange for the transfer of other lands of approximately equal value to the Corporation.

(2) To protect Red Rock Canyon and to expand its boundaries as contemplated by the Bureau of Land Management, as depicted on the Red Rock Canyon Map.

(3) To further fulfill the purposes of the Southern Nevada Public Lands Management Act of 1998 and the Red Rock Canyon National Conservation Area Establishment Act of 1990.

SEC. 104. RED ROCK CANYON LAND EXCHANGE.

(a) **ACQUISITION REQUIREMENT.**—If the Corporation offers to convey to the United States all right, title, and interest in and to the approximately 1,082 acres of non-Federal land owned by the Corporation and depicted on the Red Rock Canyon Map as “Offered Lands proposed addition to the Red Rock Canyon NCA”, the Secretary shall accept such offer on behalf of the United States, and not later than 90 days after the date of the offer, except as otherwise provided in this title, shall make the following conveyances:

(1) To the Corporation, the approximately 998 acres of Federal lands depicted on the Red Rock Canyon Map as “Public land selected for exchange”.

(2) To Clark County, Nevada, the approximately 1,221 acres of Federal lands depicted on the Red Rock Canyon Map as “Proposed BLM transfer for county park”.

(b) **SIMULTANEOUS CONVEYANCES.**—Title to the private property and the Federal property to be conveyed pursuant to this section shall be conveyed at the same time. (c) **MAP.**—The Secretary shall keep the Red Rock Canyon Map on file and available for public inspection in the Las Vegas District Office of the Bureau of Land Management in Nevada, and the State Office of the Bureau of

Land Management,
Reno, Nevada.

- (3) **LANDS CONVEYED TO CLARK COUNTY.**—As a condition of the conveyance under subsection (a)(2), the Secretary shall require that—
- (A) the lands transferred to Clark County by the United States must be held in perpetuity by the County for use only as a public park or as part of a public regional trail system; and

- (A) shall be equal; or
- (B) if the values are not equal, shall be equalized in accordance with paragraph (3).
- (2) **APPRAISAL.**—The values of the Federal parcel and the non-Federal parcel shall be determined by an appraisal, to be approved by the Secretary, that complies with the Uniform Standards for Federal Land Acquisitions.
- (3) **EQUALIZATION.**—
- (A) **IN GENERAL.**—If the value of the non-Federal parcel is less than the value of the Federal parcel—

SEC. 204. ADJACENT MANAGEMENT.

(a) **IN GENERAL.**—Congress does not intend for the designation of wilderness in the State pursuant to this title to lead to the creation of protective perimeters or buffer zones around any such wilderness area.

(b) **NONWILDERNESS ACTIVITIES.**—The fact that nonwilderness activities or uses can be seen or heard from areas within a wilderness designated under this title shall not preclude the conduct of those activities or uses outside the boundary of the wilderness area.

SEC. 205. MILITARY OVERFLIGHTS.

Nothing in this title restricts or precludes—

(a) **FINDING.**—Congress finds that, for the purposes of section 603 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1782), the public land in the County administered by the Bureau of Land Management and the Forest Service in the following areas have been adequately studied for wilderness designation:

- (1) The Garrett Buttes Wilderness Study Area.
- (2) The Quail Springs Wilderness Study Area.
- (3) The Nellis A, B, C Wilderness Study Area.
- (4) Any portion of the wilderness study areas—
 - (A) not designated as wilderness by section 202(a); and

(b) **MANAGEMENT ACTIVITIES.**—In furtherance of the purposes and principles of the Wilderness Act, management activities to maintain or restore fish and wildlife

populations and the habitats to support such populations may be carried out within wilderness areas designated by this title where consistent with relevant wilderness management plans, in accordance with appropriate policies such as those set forth in Appendix B of House Report 101-405, including the occasional and temporary use of motorized vehicles, if such use, as determined by the Secretary, would promote healthy, viable, and more naturally distributed wildlife populations that would enhance wilderness values and accomplish those purposes with the minimum impact necessary to reasonably accomplish the task.

PURPOSE OF THE BILL

The purpose of H.R. 5200 is to establish wilderness areas, promote conservation, improve public land, and provide for high quality development in Clark County, Nevada.

BACKGROUND AND NEED FOR LEGISLATION

To better address the unprecedented growth of Las Vegas, Nevada, and its effects on surrounding federal lands in Clark County, Nevada, H.R. 5200 (as introduced) would authorize the Secretary of the Interior with the following authority: (1) to designate a number of wilderness areas in Clark County; (2) to release wilderness study areas for multiple use management; (3) to provide several conveyances of Bureau of Land Management (BLM) land to various local governmental and educational entities; (4) to designate BLM land to the Sloan Canyon National Conservation Area; (5) to establish a corridor along Interstate 15 between Las Vegas and the California border for a utility and transportation corridor between Las Vegas and the proposed Ivanpah airport, and (6) designate some BLM lands north of Las Vegas for disposal under the Southern Nevada Public Land Management Act.

COMMITTEE ACTION

H.R. 5200 was introduced on July 24, 2002, by Congressman Jim Gibbons (R-NV). The bill was referred to the Committee on Resources, and within the Committee to the Subcommittee on National Parks, Recreation, and Public Lands, the Subcommittee on Forests and Forest Health and the Subcommittee on Fisheries Conservation, Wildlife and Oceans. On October 8, 2002, the Full Resources Committee met to consider the bill. The three Subcommittees were discharged from further consideration of H.R. 5200 by unanimous consent. Congressman Gibbons offered an amendment in the nature of a substitute that made the following changes to the original text: (1) removed provisions regarding the planned community development within the Ivanpah Corridor and the Henderson Economic Development Zone; (2) removed the “hard release” language concerning released wilderness study areas; (3) modified the water rights provision so as not to affect existing water rights and removed any reference to reserved federal water rights, and (4) added two new titles—the Red Rock National Conservation Area and the Humboldt Project Conveyance—reflective of separate legislation approved by the House of Representatives affecting Nevada public lands. It was adopted by voice vote. The bill as amended was then ordered favorably reported to the House of Representatives by voice vote.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Resources’ oversight findings and recommendations are reflected in the body of this report.

CONSTITUTIONAL AUTHORITY STATEMENT

Article I, section 8 and Article IV, section 3, of the Constitution of the United States grants Congress the authority to enact this bill.

COMPLIANCE WITH HOUSE RULE
XIII

1. Cost of Legislation. Clause 3(d)(2) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison by the Committee of the costs which would be incurred in carrying out this bill. The Committee believes that enactment of this bill will have little impact on the federal budget.

2. Congressional Budget Act. As required by clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974, this bill does not contain any new budget authority, credit authority, or an increase or decrease in tax expenditures.

3. General Performance Goals and Objectives. This bill does not authorize funding and therefore, clause 3(c)(4) of rule XIII of the Rules of the House of Representatives does not apply.

4. Congressional Budget Office Cost Estimate. Under clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 403 of the Congressional Budget Act of 1974, the Committee has requested but not received a cost estimate for this bill from the Director of the Congressional Budget Office.

COMPLIANCE WITH PUBLIC LAW 104—
