

CONGRESSIONAL RECORD -- *House*

Tuesday, October 4, 1994

103rd Congress 2nd Session

140 Cong Rec H 10695

REFERENCE: Vol. 140 No. 142

TITLE: REQUEST FOR APPOINTMENT OF CONFEREES ON S. 21, CALIFORNIA DESERT PROTECTION ACT OF 1994

SPEAKER: MR. MILLER

TEXT: Text that appears in UPPER CASE identifies statements or insertions which are not spoken By a MEMBER of the Senate on the floor.

[*H10695]

Mr. MILLER of California. Mr. Speaker, pursuant to clause 1, rule XX, and by the direction of the Committee on Natural Resources, I move to take from the Speaker's table the Senate bill (S. 21) to designate certain lands in the California Desert as **wilderness**, to establish the Death Valley and Joshua Tree National Parks and the Mojave National Monument, and for other purposes with House amendments thereto, insist on the House amendments, and agree to the conference asked by the Senate.

Mr. HANSEN. Mr. Speaker, I ask unanimous consent that the time for debate be equally divided between the majority and the minority.

POINT OF ORDER

Mr. POMBO. Mr. Speaker, I have a point or order.

The SPEAKER pro tempore (Mr. Hughes). The gentleman will state his point of order.

Mr. POMBO. Mr. Speaker, I make a point or order that the Committee on Merchant Marine and Fisheries to which the bill S. 21 was referred, has not authorized the pending motion in violation of clause 1 of rule XX.

The SPEAKER pro tempore. The gentleman makes a point of order that the motion is out of order.

Does the gentleman from California desire to be heard on the point of order?

Mr. MILLER of California. Mr. Speaker, to make the point of order that the primary committee of jurisdiction was authorized to ask to go to conference. [*H10696]

The SPEAKER pro tempore. The chair is prepared to rule.

Mr. POMBO. Mr. Speaker, may I be heard on that before the Chair responds?

The SPEAKER pro tempore. The gentleman is recognized to be heard further on the point of order.

Mr. POMBO. Mr. Speaker, I serve on both the Committee on Natural Resources and the

Committee on Merchant Marine and Fisheries, to which S. 21 was also referred. Unfortunately, the referral to Merchant Marine and Fisheries was very short and that committee did not file a report on the bill. The net result is that my Merchant Marine and Fisheries colleagues did not have an opportunity to debate this bill in committee. Now it appears that the Committee on Merchant Marine and Fisheries will not have a role in making the recommendation to the House with regard to insisting or receding from the Senate amendments to S. 21.

Mr. Speaker, it is my understanding that, under rule XX and the precedents of the House, a privileged motion to go to conference must be authorized by both committees to which a bill has been jointly referred. I have been told that this precedent was decided prior to the time when sequential referrals were used in the House. I believe that the interests of the House would be best served if this interpretation were extended to sequential as well as joint referrals to ensure that all committees of jurisdiction on a bill will be treated as equal partners in the process.

I do not believe that the Speaker has yet ruled on this precise issue and insist on my point of order to clarify the matter.

The SPEAKER pro tempore. Does the gentleman from California (Mr. Miller) desire to be further heard on the point of order?

Mr. MILLER of California. Yes, Mr. Speaker. The Committee on Natural Resources is the primary committee of jurisdiction here. There was a referral to the Committee on Merchant Marine and Fisheries. They could have exercised whatever actions they decided to. They did not decide to do that. By reason of the fact that we remain the primary committee, we have been instructed by our committee to go to conference on this matter.

The SPEAKER pro tempore (Mr. Hughes). The Chair is prepared to rule.

The gentleman from California makes the point of order that, to be privileged under clause 1 of rule XX, the motion must be authorized not only by the Committee on Natural Resources but also by the Committee on Merchant Marine and Fisheries.

Under clause 1 of rule XX, a motion to send a bill to conference is always in order if the Speaker, in his discretion, recognizes for that purpose and if the motion is made at the direction of all reporting committees having original jurisdiction over the bill. The Chair is guided by the precedent of September 26, 1978, standing for the proposition that the motion must be authorized by each committee of joint referral that has reported the measure to the House.

In the instant case, the Committee on Merchant Marine and Fisheries was a committee of sequential referral of the House bill and did not report thereon to the House. The instant motion is, therefore, offered at the direction of the only committee of original referral of the House bill, and the only committee that reported thereon to the House-the Committee on Natural Resources. Accordingly, the motion is privileged under clause 1 of rule XX.

The point of order is overruled.

Mr. DOOLITTLE. Mr. Speaker, pursuant to rule XVI, I ask that the question of consideration be put.

Mr. MILLER of California. Mr. Speaker, I move to table the motion.

The SPEAKER pro tempore. The motion to table is not in order at this point.

The question is, Will the House consider the motion offered by the gentleman from California (Mr. Miller).

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. DOOLITTLE. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were-yeas 268, nays 148, not voting 18, as follows:

So the House agreed to consider the motion offered by the gentleman from California (Mr. Miller).

The result of the vote was announced as above recorded.

The SPEAKER pro tempore (Mr. Hughes). Without objection, a motion to reconsider is laid on the table.

Mr. WALKER. Mr. Speaker, I object.

The SPEAKER pro tempore. Objection is heard.

Mr. MILLER of California. Mr. Speaker, I move to reconsider the vote on the question of consideration.

Mr. RICHARDSON. Mr. Speaker, I move to lay the motion to reconsider on the table.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Mexico (Mr. Richardson) to lay on the table the motion to reconsider offered by the gentleman from California (Mr. Miller).

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

RECORDED VOTE

Mr. LEWIS of California. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The vote was taken by electronic device, and there were-ayes 271, noes 150, not voting 13, as follows:

Ms. LAMBERT changed her vote from "no" to "aye."

So the motion to table was agreed to.

The result of the vote was announced as above recorded.

Mr. MILLER of California. Mr. Speaker, pursuant to rule XX, I have been directed by the Committee on Natural Resources to insist on the House amendment to S. 21, the California Desert Protection Act, and agree to a conference. The California Desert Protection Act upgrades Death Valley and Joshua Tree National Monument, and in addition the legislation designates approximately 3.9 million acres of **wilderness**.

Mr. Speaker, I ask unanimous consent that the time allotted be equally divided between the majority and the minority, which, I believe, entitles the minority to 30 minutes and the majority to 30 minutes.

The SPEAKER pro tempore (Mr. Hughes). Is there objection to the request of the gentleman from California?

There was no objection.

The SPEAKER pro tempore. The gentleman from California (Mr. Miller) will be recognized for 30 minutes, and the gentleman from Utah (Mr. Hansen) will be recognized for 30 minutes.

The Chair recognizes the gentleman from California (Mr. Miller).

1400

Mr. MILLER of California. What is under consideration is not the California Desert Act. Mr. Speaker, I want to say to my colleagues who have persevered through the last couple of votes, what is before us is a question of whether or not the House will go to conference with the Senate on this bill that the House has spent a great deal of time on.

We spent 7 days and some 26 hours in discussion on the California desert. We sent the bill to the Senate a little over 2 months ago, and since that time it has been hung up on the inability of the Senate to go to conference because one Senator or another did not like this legislation or sought to use this legislation for leverage on some other piece of legislation, or sought to gain political advantage over the author of this legislation in the Senate, Senator Feinstein, have delayed our ability to go to conference in the Senate.

Agreement has now been reached on both sides of the aisle in the Senate to allow us to go to conference. The motions have been made and carried out, and the Senate awaits the House in the conference committee. [*H10698]

The question is whether or not we will be able to go forward in the legislative process under the regular order for the consideration of this legislation in the conference committee. I would hope when the time comes to vote on that motion to go to conference, that the House would support the efforts to go to conference. I would say to my colleagues I understand there will probably be a motion to instruct, which will be debated, and we will have the vote on the motion to instruct, and then we could get on with the consideration of a landmark piece of legislation that will have tremendous impact and benefit, certainly to the area of the California desert, but also to the citizens of our State, California, and to the citizens of this Nation, by protecting one of the outstanding and unique assets before us.

Before we can get to there, we must dance the dance of legislation, and I would hope that all of my colleagues would understand and give us a little bit of what tolerance they have left in this session of the Congress, and then we could get on with this legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. HANSEN. Mr. Speaker, I yield 2 minutes to the gentleman from California (Mr. Cunningham).

(Mr. CUNNINGHAM asked and was given permission to revise and extend his remarks.)

Mr. CUNNINGHAM. Mr. Speaker, the gentleman from California (Mr. Miller), also on the Committee on Merchant Marine and Fisheries, said the Committee on Merchant Marine and Fisheries took no action.

This is one of the back-door, closed-door politic procedures that no Member on the Republican side had any authority or ability to change, or was even notified that we would not take any action. That includes the gentleman from Texas (Mr. Fields), who is the ranking member.

This is what the American people are dead set against, closed deals behind closed doors to ramrod a piece of legislation through that bypasses one of the committees of jurisdiction, which is Merchant Marine and Fisheries.

We have seen in the past what conference reports do. For example, the gentlewoman from Washington (Ms. Dunn) and the gentleman from Georgia (Mr. Deal), on sexual predator language in the crime bill, had a 417-to-13 vote to include the sexual predator language in the

crime bill. The liberals took it out of the crime bill in conference, against the bill of the House. That is what they are going to do in this bill.

The property rights actions that we fought for, where you can get fair market value for your property and you can build on it until the Government pays you, because they are \$ 3 billion in arrears, all of those things will go away in this conference, because the conference is loaded, and the Republicans are being shut out. That is why in the 10-point contract with American, that Cyborg Internet will let every American know exactly what is in every one of these bills, not smokescreens, not clods, not taking out minority Members, which I feel that the other side of the aisle will be next year. Remember that.

Mr. HANSEN. Mr. Speaker, I yield 6 minutes to the gentleman from California (Mr. Lewis).

(Mr. LEWIS of California asked and was given permission to revise and extend his remarks.)

Mr. LEWIS of California. Mr. Speaker, I thank the gentleman for yielding.

Mr. Speaker, it is especially important that we take a few moments at this time for the House to recall precisely why we were so involved with the Desert Protection Act when we had it before us a couple of months ago.

There are five Members of the California delegation who have significant portions of their district as a part of the California desert. Those five Members have very serious concerns about the direction of the House committee as it relates to the Desert Protection Act.

Mr. Speaker, I remind the House that those Members came to the floor with no small level of outrage about the way they were treated by the committee relative to their concerns about their own districts.

Mr. Speaker, it was not a matter of their not having an opportunity to discuss the question on the floor. It was a matter of having the committee arbitrarily roll over those Members and not even consult them regarding the direction of the committee as it relates to desert protection.

Indeed, the Members came to the well of the House reflecting that concern. Much to my surprise, as those Members expressed their concern, the House was willing to listen.

There is little doubt in my mind that the Members said to themselves, if the committee would be this arbitrary with those five Members relative to their districts, what would this same committee do to us? And they sensed our outrage might very well affect their districts sometime if they did not join us.

As a result of that, there were a dozen very important amendments that were passed on the House floor.

For example, Mr. Speaker, the LaRocco amendment, which is supported by the Sportsman Caucus and a myriad of leading conservation groups, creates a national preserve in the East Mojave Desert which allows for active management of wildlife areas. That debate took a great deal of time. We will not be taking that time here today. But I want the Members to know that those provisions would not have been in this bill if the membership had not reacted as they did.

That amendment was followed by an amendment presented by my colleague, the gentleman from Louisiana (Mr. Tauzin). The Tauzin amendment related to personal property rights, which the House passed by a vote of 281 to 148, a very strong expression of bipartisan concern regarding property rights.

There was major support of that measure, Democrats and Republicans alike, coming together

and saying we are concerned about property rights, even if the committee is not concerned about property rights. The gentleman's amendment says the private lands acquired as a result of this act must be appraised, without regard to the presence of threatened or endangered species.

The gentlewoman from California, Senator Feinstein , the Senate sponsor of the desert bill, has already openly stated she opposes the Tauzin amendment. I think it is very, very important that the Members remember their concern about the way the committee treated those Members who represent the desert. Indeed, it is our concern that the committee will just roll right over us one more time.

Mr. Speaker, it appears to me that the gentlewoman from California, Senator Feinstein , hopes to eliminate that proposal simply because she really does not care about the average property owner. It is clear that she has already cut a few deals with the big property owners and the big mining companies. But it is very clear the Senator from California could care less about the property rights of average people.

Mr. Speaker and Members, the House also adopted two amendments dealing with access, very important amendments that I hope some of my other colleagues will address as well.

One of those amendments allows law enforcement personnel the ability to access all of the **wilderness** areas in this bill, either by motorized vehicle or by aircraft. This amendment is important because many of these **wilderness** areas are used as safe havens for drug smugglers and illegal aliens.

The second amendment in this subject area the House passed is similar with respect to the management and construction of wildlife guzzlers, otherwise known as man-made water sources.

1410

Without the ability to access these rural and very, very distant areas, many of the animal species in the desert could indeed perish as a result of a lack of access. There are a number of items that it is very important the House focus on because we spent more than 20 hours expressing the House will on this issue. I want to make sure that the House remembers that debate, but also that the public remembers that debate. For there were very, very important questions of public policy that overrode the arbitrary action of this committee as they dealt with the Members who represent the desert. [*H10699]

Mr. HANSEN. Mr. Speaker, I yield 7 minutes and 30 seconds to the gentleman from California (Mr. Hunter).

(Mr. HUNTER asked and was given permission to revise and extend his remarks.)

Mr. HUNTER. Mr. Speaker, I want to talk specifically about two amendments that we passed in the full House and maybe have a colloquy with the chairman of the committee on these amendments, because I know we are going to be moving into a motion to instruct conferees to stick with the House position. There were two things that I think were of particular importance to those of us in California who are concerned about fish and wildlife and also about law enforcement.

We offered an amendment that passed overwhelmingly, in fact, I think it was close to unanimous, to allow our law enforcement personnel to have access to all the border areas which abut the nation of Mexico.

Specifically, when we look at the proposed **wilderness** areas in the California desert bill, these areas come right down and hit the international border and a couple of them are in major smuggling corridors. If we go over the coastal hills from San Diego into the California desert that

is to the east of San Diego and joins the Mexican-California border, we will see that in the last couple of years, the narcotics interdiction rate has gone up almost fourfold to almost \$ 600 million in narcotics seized last year, cocaine and marijuana.

As the squeeze is being put on in so-called Operation Gatekeeper in San Diego, more and more of that traffic is being circumvented and is trying to flank the law enforcement operation in San Diego County and come through in the El Centro sector, near Calexico and Mexicali.

We passed an amendment, and I think the gentleman from Minnesota (Mr. Vento) spoke highly of this amendment and urged its passage, we passed an amendment that said that law enforcement, including the border patrol, including our drug enforcement agencies, could have access, motorized access to the desert areas that abut that international border.

The idea being that obviously smugglers from Mexico, whether they are smuggling illegal aliens or smuggling narcotics, are not going to abide by a prohibition in the desert bill that says that nobody can take a motorized vehicle through these hills. We are going to have smugglers moving through the hills and, because of that, we need to give the right and the power to our law enforcement agents to pursue them with motorized vehicles. Otherwise we are not going to be able to apprehend them and we are going to create basically safe havens for smuggling that goes right up against the border.

I just wanted to ask the chairman of the committee, the gentleman from California (Mr. Miller), if it is his intention to support that, the law enforcement amendments that we passed in the House with respect to that access.

Mr. MILLER of California. Mr. Speaker, will the gentleman yield?

Mr. HUNTER. I yield to the gentleman from California.

Mr. MILLER of California. That is our intent.

Mr. HUNTER. I thank the gentleman.

Let me talk about another area that I think is important to us, that will was expressed by the full House after a rather extraordinary debate which the gentleman from California (Mr. Cunningham), the gentleman from California (Mr. Lewis), the gentleman from California (Mr. McCandless), the gentleman from California (Mr. Thomas), and a number of Members from the other side of the aisle participated. That is with respect to the fish and wildlife in the desert.

Particular we have two species of big game animals, that is the desert bighorn sheep, which is an endangered species, and the desert mule deer, which is enjoying a comeback in population numbers in the California desert.

The reason they are enjoying a comeback is because a lot of private citizens, along with the fish and wildlife department of the State of California, have developed a science for building watering holes that does not require wells, that do not require engines, that do not require windmills, but they have a technology that is based on runoff, and they have built tanks, watering holes, in the desert in this area where we only get about an inch of rainfall a year. They have built, and I am speaking of Desert Wildlife Unlimited, in cooperation with the State of California fish and wildlife, we have built over 59 watering holes in the desert that are frequented and utilized by desert bighorn sheep, desert mule deer, quail, coyotes, and dozens of other species of animals that inhabit the desert.

By building these watering holes far away from the canal system, who have eliminated the magnet comprised by the All American canal and the Coachella canal, these big irrigation canals that are death traps for wildlife. If we look at these canals, they have a very steep slope, and

they are paved with concrete.

Desert bighorn sheep will come and slide down these giant canals to get to the water because they are thirsty and then they literally wear their hooves out trying to paw back up the canals to get out. In essence the canals are death traps, and we have lost large populations of bighorn sheep and deer in those irrigation canals.

So by building watering holes in the desert, Desert Wildlife Unlimited and the Department of Fish and Game have eliminated the magnet effect of these ; deadly irrigation canals where our bighorn sheep and our desert mule deer drown.

So they now stay out in the desert in a scattered condition where they are less susceptible to predators. As a result of that, we have brought back the bighorn sheep population in fairly good numbers.

Mr. LEWIS of California. Mr. Speaker, will the gentleman yield?

Mr. HUNTER. I yield to the gentleman from California.

Mr. LEWIS of California. I believe the point that the gentleman is making is that over a number of decades, many of the major species out in that region were literally beginning to disappear because of lack of availability of water, a lot of other activities that involve caring for animals that are currently being handled on a coordinated basis between private efforts as well as the department of fish and game in California. They were disappearing, and they now have come back.

Mr. HUNTER. Mr. Speaker, the gentleman is absolutely right. One thing that is important to do in this country, which is right on target with the desert bill, is listen to folks who have a particular expertise in a particular area. It is important that we listen to experts from our own areas because whether someone comes from the east, comes from the district of the gentleman from Minnesota (Mr. Vento) comes from the district of the gentleman from California (Mr. Miller comes from my district in the desert of California, there are certain aspects of their district that people in our districts, whether they are fish and game managers or law enforcement personnel, there are certain aspects that they understand better than people in other parts of the country.

To my friend, the gentleman from California (Mr. Lewis) who helped us on this amendment, we have brought back the fish and wildlife by having Desert Wildlife Unlimited and the department of fish and game build these watering holes throughout the desert.

Here is the crux. According to fish and wildlife and Desert Wildlife Unlimited, the volunteer group, we have to be able to drive a vehicle in to service these watering holes. In the one area where we cut off vehicularized access, we lost our watering holes and we had a die off of our wildlife species like desert bighorn sheep and deer.

I just wanted to ask the gentleman if it will be his intention to uphold our desert wildlife amendment? I ask our esteemed chairman of the committee, the gentleman from California (Mr. Miller) if it is his intent to uphold the amendment that the full House passed to allow vehicularized access to maintain watering hole or fish and game.

Mr. MILLER of California. Mr. Speaker, if the gentleman will continue to yield, that would be our intent.

Mr. HUNTER. I thank the gentleman.

Mr. HANSEN. Mr. Speaker, I yield 6 minutes to the gentleman from California (Mr. McCandless).

Mr. McCANDLESS. Mr. Speaker, I thank the gentleman from Utah for yielding time to me.
[*H10700]

Mr. Speaker, my concern here will not be to cover what has already been talked about in terms of the amendments which we were successful in getting during the debate on the floor of the House. My concern is an area in which the public is going to lose, and not to the detriment of anything in the way of conservation.

As I have told the Members on many occasions, sand and grit are in both of my shoes from the Colorado Desert, south into Imperial County. Those have been my roots. My grandfather homesteaded in a place called Borrego Springs back in 1900, so this is not a new thing to me, the desert, and the fauna and flora that make up this beautiful part of California.

The concern that I have is that we have many hundreds of responsible people in four-wheel drive clubs that use this as a recreational outlet for their family, because they do not have the resources to do other things. The El Jamel four-wheel drive club of Indio, the Hemet four-wheel drivers, and I could go on and on; these people are responsible people. They have in many cases purchased property in various locations of the desert over a period of years, where they then camp after four-wheeling around for a certain period of time.

In two instances these clubs will no longer have access to the properties that they have owned, in one case for three generations. I think that is wrong. That is where I am taking exception to this bill and the draft that is going to conference.

On other occasions, these same people will go out and undo what those who are not particularly responsible do when they are in the desert, by picking up trash, cleaning up, and bringing the desert back to its original state.

Mr. Speaker, what do we have here when we talk about the word recreation? We talk about recreate. I do not intend to demean an occupation, but let us say that you are some type of a punch press operator, or you are involved in some type of manufacturing that is not necessarily something that challenges you each day. You work your work week, you do your job well, and you look forward to the weekend and recreating so you can go back and do what you have chosen to do in life the next week, the next week and the next week.

We have over 10 million people on the coastal plain of Los Angeles who utilize all aspects of the inland desert for recreational activities, and 99 out of 100 are responsible people, and people who have done this for years and years. Now we are going to shut these people out of many of these areas, for no other reason than we have declared them **wilderness**; but there are roads that go through it, there are huts, there are camps, there are small constructed dwellings, but it has still been designated a **wilderness** area.

When I spoke the last time I pointed out a **wilderness** area on the map where I and the Bureau of Land Management regional manager flew over in a helicopter. He said "Al, here is a **wilderness** area." I said, "How can it be a **wilderness** area, when a road leads into it, there are two cars, a camp, and a cabin?" He said that is what has been designated a **wilderness** area. Those people will no longer be able to, under this bill, the way it is drafted, get into those kinds of areas.

I am not here as a guy who is saying, "I did not get what I wanted, therefore I am going to use all the means possible to prevent it from happening." I am saying this bill is unfair to a lot of the people who have utilized the desert over the years, and have done so responsibly. As I have explained, they recreate in the desert. This is my main concern.

Mr. LEWIS of California. Will the gentleman yield?

Mr. M c CANDLESS. I am happy to yield to the gentleman from California.

Mr. LEWIS of California. I thank my colleague for yielding.

Mr. Speaker, I think my colleagues know our friend, the gentleman from California (Mr. McCandless) is retiring this year. Indeed, there is not a Member in this House or either body who begins to have the understanding that the gentleman from California, Al McCandless , has for the wondrous area that involves our desert.

My concern is, and I would like to have the gentleman's comments about this, is that S. 21, which would be considered in this conference, creates a park in the east Mojave of some 1.5 million acres. There are desert lands in that region that you can put four Eastern States in pretty easily. It is a huge territory. Without appropriate management in a park setting, average citizens, senior citizens, and otherwise, who want to go to see the center of that park will have no way of getting there, is that correct, outside of horseback, perhaps?

Mr. M c CANDLESS. Mr. Speaker, let me conclude by saying there are two famous trails across an area going from east to west: the Bradshaw Trail through most of Riverside County, from the Colorado River into the Coachella Valley, and up through the Coachella Valley, spanning Beaumont and on into the Inland Empire and on out to the coast.

The Bradshaw Trail has been used since the 1840's for people to come to California, not in limousines but in horses and buggies and wagons and however else they can get there. Now a portion of that Bradshaw Trail is now **wilderness**. Can the Members imagine, an area of the desert that has been used since before the Civil War is now **wilderness?**

These are the kinds of things I am concerned about. These are the things that got the burr under my saddle. Mr. Speaker, that is why I have the concerns that I do. I would hope, I would hope that when we go to conference that we will maximize what it is that we have been able to get in the way of alterations in this bill in the form of amendments on the floor of the House. I thank the gentleman for yielding to me.

Mr. MILLER of California. Mr. Speaker, I yield 5 minutes to the gentleman from Minnesota (Mr. Vento), the subcommittee chairman.

(Mr. VENTO asked and was given permission to revise and extend his remarks.)

Mr. VENTO. Mr. Speaker, I rise in support of the motion of the chairman of the committee, with the intention to go to conference, and sincerely hope that we can bring to conclusion this major conservation initiative, the California desert bill. This would be a real achievement for the Congress.

Frankly, this is a matter that has been before us for 6 years. This bill has been the subject of activities and hearings before both Senate and House committees over that period of time. For some, they find it inadequate, that 6 years, an inadequate time for them to express their views or to have the type of deliberation that they think is required.

Frankly, Mr. Speaker, I think what has occurred this year has been efforts to deter, to delay the consideration of this, first in the House, and most recently in the Senate. I want to commend the major advocates of this particular proposal, the chairman of the committee, the gentleman from California (Mr. Miller), the gentleman from California (Mr. Lehman), and others, the Senators that have been involved in this achievement. It is a major undertaking, a major conservation measure.

Unfortunately, when we begin to deal with the land ;classification systems, 25 million acres in this particular instance, it invariably does come up in controversy, because I think there are some differences in perception. There are some differences in the policy paths which are sought in terms of the use of these lands, these very special lands in California.

This area, this 25 million acres, is used for innumerable types of functions; for instance, for military training activities. It has, of course, long been the subject and recognized to have conservation and environmental qualities which are unique to the world, not just to our Nation. That is why the two monuments which were established here, both Death Valley and Joshua Tree, are presently designated in this area.

Mr. Speaker, the legislation before us, I need not remind my colleagues, expands those, and also designates a new Mojave Desert national preserve or park in this legislation, a considerable move forward, to add to the inventory of parks one of the major desert types which is not now represented, the Mojave Desert type, in the National Park System, and expanding and designating **wilderness** in these parks. [*H10701]

Beyond that, of course, there is a considerable designation and recognition of the natural qualities, the cultural resources in this California desert area, Mr. Speaker. In California there are almost 8 million acres which are in fact recognized as **wilderness** in this measure before the House.

I might say that there are conflicts, obviously. It does mean disciplining ourselves in terms of where we can take our four-wheelers. Roads will remain open. There are some 8,000 miles of road that remain open, I might say, in these rural and ranching areas of southern, California, a considerable amount of road.

The fact is, though, it means disciplining ourselves so some of the legacy of this Nation, some of the legacy of California in terms of its natural lands, of its cultural, and tremendous resources, some of that legacy, the inheritance of future generations, will remain intact and preserved.

It is a fact that we cannot continue to assume on a de facto basis, with a population of 32 million in California and 25 million Americans who are very close to this California desert area, that if everyone continues to perform or continues to act out in the way they have in the use of this land, it would be completely despoiled. It would not have some of the natural qualities maintained that we revere today when we look at southern California.

1430

This motion is to go to conference. With the understanding that there is going to be consideration and retention of many of the provisions that were added in the House, additional compromises with the Senate obviously are going to be necessary.

In the end I hope, Mr. Speaker, that we can carry this to conclusion after 6 years and achieve what I believe something that the American people are very interested in protecting. Not just the people of California but the American people. And that is the designation and protection of this important and sensitive California desert area legislation. Forget about the politics. Let us go on with some good policy, the good policy that is in honest in this measure.

I have served, Mr. Speaker, in this body for some years. This session has been very contentious with regard to public policy with regards to lands and parks. We have not done as much as many of us had hoped. In fact, it has been very difficult. I hope that we can end on a positive note, conclude this and pass this important California desert bill which has been, as I said, waiting for some time.

It is landmark legislation. It is in the interest of future generations a legacy from today for

tommorow.

Mr. McCANDLESS . Mr. Speaker, will the gentleman yield?

Mr. VENTO. I yield to the gentleman from California.

Mr. McCANDLESS. I thank the gentleman for yielding.

Mr. Speaker, one of the successes of any program, irrespective of the author or the content, is the ability to enforce what it is that Congress has deemed its will.

The SPEAKER, pro tempore (Mr. Hughes). The time of the gentleman from Minnesota (Mr. Vento) has expired.

Mr. VENTO. Mr. Speaker, I appreciate the gentleman's observation. I think we have the capability and the resources to manage this land now and in the future under these new policy guidelines.

Mr. HANSEN. Mr. Speaker, I yield 21/2 minutes to the gentleman from California (Mr. Pombo).

(Mr. POMBO asked and was given permission to revise and extend his remarks.)

Mr. POMBO. Mr. Speaker, I would like to agree with the previous speaker on one point and that is that we ought to put aside the politics and talk about the policy. I think that this is terrible policy for the U.S. Congress and the U.S. Government to pass.

Mr. Speaker, we are proceeding to set aside 8 million acres of California land and take it away from the people and take away the access from the people. Even the 4 million acres that currently owned by the Federal Government that is included in the Desert Protection Act and is currently being used by people for recreation is going to be taken away and it is severely limited as to how people can use this particular area.

On the other side, we have 4 million acres of private property which is now going to become Federal property, or public property. I think that is a terrible mistake and a terrible policy decision to make. The Federal Government currently owns one-third of this country. They currently own 48 percent of California. If we add in what the State and local governments own, 56 percent of California is owned by the government. This continuing path of more and more public ownership of land and the destruction of private property in this country will lead to the downfall of this country. I believe that very strongly. If is a terrible policy decision to make. That is why I oppose this bill and oppose the further extension of this effort with this particular bill.

I think it is a big mistake to continue to take away the private property rights and the very existence of private property in this country. This bill is just a continuation of that.

Mr. Speaker, when we look at the access to the desert, one of the things that this bill is trying to be sold to the American public and in particular the California public on is that somehow it will increase recreation. I challenge anyone, and especially the people of California, to look at the bill and try to somehow pull from the language in this bill that there is going to be increased recreation by limiting access to the desert and all the rock hounds, campers and off-road vehicle enthusiasts throughout California in limiting their ability for recreation in the desert is somehow going to increase recreation. All this is going to do is take it away from the people of California.

Mr. HANSEN. Mr. Speaker, I yield 3 minutes to the gentleman from California (Mr. McKeon).

Mr. McKEON. Mr. Speaker, I thank my friend, the gentleman from Utah, for yielding me the time.

Mr. Speaker, I am new to this body, I am a freshman. The other night I was watching a television show and the panelists were discussing how the people of this country become cynical. I think this bill is an example of how we achieve that. I think that we have had a lot of debate about the desert bill. I have no arguments with that at this time. There has been a lot of debate. We have had a chance to say our say, and then there was a vote. But now we are being asked to go to conference on this bill, and I want to point out to my colleagues something that has happened on the other side in the other House. They have added a new section to the bill that was added by one of the Senators, one of the Members of the other body, that has nothing to do with protecting the California desert. Title IX contains initiatives concerning the lower Mississippi delta region which have not been considered through the normal legislative process. Even though I was elected to Congress only 2 years ago, I know that provisions often get added to bills which are not germane to the legislation in question. In this case, however, I am referring to 9 separate sections in the bill which do little more than create pork projects in one region of the country. For example, section 904 of the Senate bill creates a new office on elementary, secondary, and postsecondary education within the Department of Interior. As a member of the Committee on Education and Labor, I object to this provision since it duplicates an office which already exists in the Department of Education.

Section 904 also creates a minority college and university scholarship initiative which also presently exists in the Department of Education. Finally this section of the bill requires the Secretary of Interior to establish 3 centers for aquaculture in specific cities in Louisiana, Arkansas, and Mississippi.

Mr. Speaker, you do not have to be a scientist to figure out that establishing aquaculture programs in the south central United States has little relation to the California desert.

The bill also directs the Federal Government to study the establishment of cultural centers, heritage centers, structural surveys, and a music heritage program in the Mississippi Delta region.

Mr. Speaker, residents of the desert do not want the desert bill and residents [*H10702] of the United States should not have to accept an 11th-hour pork provision that would in all likelihood not withstand the scrutiny of being considered in a separate bill.

This is how we make the people of our Nation cynical. We have been told that in the last days of the last session things such as this would be added. That is why this bill is being rushed through at this time with a pork project for the Mississippi Delta region that camouflages as a California desert bill.

Mr. HANSEN. Mr. Speaker, I yield the balance of our time to the gentleman from California (Mr. Lewis).

The SPEAKER pro tempore. The gentleman from California is recognized for 31/2 minutes.

(Mr. LEWIS of California asked and was given permission to revise and extend his remarks.)

Mr. LEWIS of California. Mr. Speaker, there are a couple of points that have been made by previous speakers that I think are very, very important for us to focus upon.

We are very close to final consideration of this measure at a time in our country when, to say the least, we find ourselves pressed against the wall in terms of scarce dollars throughout our existing park systems. There is a clear understanding on the part of most families who tried to vacation in the existing parks during this past summer. Many of those park facilities are in disrepair. They are understaffed. We have serious difficulty providing the services that need to take place there. We find a circumstance where our park employees in some instances are living essentially in trailers. In one instance, trailers exist in the Death Valley National Monument

where the temperature gets up to 120 degrees for weeks at a time.

We cannot build adequate housing for those people. Yet in this measure, S. 21, that is proposed to go to conference, there would be the creation of not one, not two, but under the Senate measure, three national parks, one of them including 1.5 million acres, the vast percentage of which has absolutely no parklike qualities. Nobody can tell us where the money is going to come from for that new park unit. They just say, "Well, somewhere out of the wind it will arrive. It may have to come out of the other parks in the country."

1440

It is very important that the public know that this is a matter of excess. There is little doubt that there are people who want to have public ownership of land for the sake of ownership of land. In this instance we are way beyond what is reasonable in terms of the taxpayer dollars.

Mr. PACKARD. Mr. Speaker, will the gentleman yield?

Mr. LEWIS of California. I am happy to yield to the gentleman from California.

Mr. PACKARD. Mr. Speaker, it is interesting, along the point the gentleman just made, where they will take the money out of other park budgets. I am on the appropriations subcommittee of Interior that deals with funding of parks, and in our subcommittee it was Bruce Babbitt himself, the Secretary of the Interior who said if we have to close down the Washington Monument for a day a week to pay for it, it would be worth it. That is what they are thinking in terms of actually extracting those budget amounts out of other parks which are already strapped for budget money in order to pay for the operation of an additional park. It is ludicrous that we would add to the system rather dubious parklands and then take the money out of existing park budgets to fund them.

Mr. LEWIS of California. I appreciate very much my colleague's comment.

During our recent recess I had the opportunity to spend a good deal of time in one of our beautiful national parks, Yosemite, on a horseback trip up into the high country. During that 4-hour ride we went further into the park than probably 99 percent of the people ever get to.

One of the most fundamental concerns expressed time and time again during that ride by Park Service people is that the parks are in horrid condition. Because of drought and otherwise in the West, Yosemite, for example, is essentially awaiting a tinder fire, and the number of personnel that we need to protect the parks from those kinds of conditions is just not available.

There is little doubt that there is a need for evaluating the way we are protecting the desert. I have been on the cutting edge of legislation to protect our desert for most of my life in public affairs. I represent most of that desert, and I would suggest that those who live in it and understand it know better the public policy direction we ought to be taking.

Mr. Speaker, we appreciate the patience of the Members with this very important measure.

The SPEAKER pro tempore (Mr. Hughes). All time of the gentleman from Utah (Mr. Hansen) has expired.

Mr. MILLER of California. Mr. Speaker, I yield back the balance of my time and I move the previous question.

MOTION TO TABLE OFFERED BY MR. LEWIS OF CALIFORNIA

Mr. LEWIS of California. Mr. Speaker, I move to table the previous question.

The SPEAKER pro tempore. Does the gentleman from California move to lay on the table the original motion to go to conference.

Mr. LEWIS of California. The previous question, Mr. Speaker.

The SPEAKER pro tempore. The Chair will advise the gentleman from California he cannot lay on the table the motion for the previous question.

Mr. LEWIS of California. Mr. Speaker, I move that the pending motion be laid on the table.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. Lewis) to table the motion offered by the gentleman from California (Mr. Miller) to go to conference.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

Mr. LEWIS of California. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were yeas 144, nays 259, not voting 31, as follows:

1505

Mr. ANDREWS of Maine, Mrs. ROUKEMA, Mr. STUPAK, Ms. LONG, and Mr. SWIFT changed their vote from "yea" to "nay."

Mr. LEWIS of Florida changed his vote from "nay" to "yea."

So the motion to table the motion to reconsider was rejected.

The result of the vote was announced as above recorded.

PARLIAMENTARY INQUIRY

Mr. DOOLITTLE. Mr. Speaker, I have a parliamentary inquiry.

The SPEAKER pro tempore. The gentleman will state his parliamentary inquiry.

Mr. DOOLITTLE. Mr. Speaker, was the motion to reconsider laid on the table?

The SPEAKER pro tempore. No.

Mr. DOOLITTLE. I ask unanimous consent to lay it on the table, in that event.

The SPEAKER pro tempore. Without objection, a motion to reconsider the motion to lay on the table the motion to go to conference is laid on the table.

The question is on ordering the previous question on the motion to go to conference.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

RECORDED VOTE

Mr. McKEON. Mr. Speaker, on that I demand a recorded vote.

A recorded vote was ordered.

The vote was taken by electronic device, and there were-ayes 265, noes 144, not voting 25, as follows:

Mr. ZELIFF and Mr. HALL of Texas changed their vote from "aye" to "no."

So the previous question was ordered.

The result of the vote was announced as above recorded.

PERSONAL EXPLANATION

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, during rollcall vote Nos. 465 and 466 on S. 21, I was unavoidably detained. Had I been present I would have voted "no" on rollcall No. 465 and "yes" on rollcall No. 466.

Mr. BAKER of California. Mr. Speaker, I move to reconsider the vote by which the House agreed to ordering the previous question.

Mr. MILLER of California. Mr. Speaker, I move to table the motion offered by the gentleman from California (Mr. Baker).

The SPEAKER pro tempore (Mr. Hughes). The question is on the motion offered by the gentleman from California (Mr. Miller) to table the motion offered by the gentleman from California (Mr. Baker) to reconsider the vote on ordering the previous question.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.
