(3) the industrial strength of automobile manufacturing was vital to defending freedom and democracy in 2 world wars and played a defining role in American victories;

(4) the economic strength of our Nation is connected integrally to the vitality of the automobile industry, which employs millions of workers and upon which 1 out of 7 United States jobs depends;

(5) the industrial and cultural heritage of the automobile industry in Michigan includes the social history and living cultural traditions of several generations;

(6) the United Auto Workers and other unions played a significant role in the history and progress of the labor movement and the automobile industry;

(7) the Department of the Interior is responsible for protecting and interpreting the Nation’s cultural and historic resources, and there are significant examples of these resources within Michigan to merit the involvement of the Federal Government to develop programs and projects in cooperation with the Automobile National Heritage Area Partnership, Incorporated, the State of Michigan, and other local and governmental bodies, to adequately conserve, protect, and interpret

this heritage for the educational and recreational benefit of this and future generations of Americans;

(8) the Automobile National Heritage Area Partnership, Incorporated would be an appropriate entity to oversee the development of the Automobile National Heritage Area; and

(9) 2 local studies, “A Shared Vision for Metropolitan Detroit” and “The Machine That Changed the World”, and a National Park Service study, “Labor History Theme Study: Phase III; Suitability-Feasibility”, demonstrated that sufficient historical resources exist to establish the Automobile National Heritage Area.

(b) **PURPOSE.**—The purpose of this title is to establish the Automobile National Heritage Area to—

(1) foster a close working relationship with all levels of government, the private sector, and the local communities in Michigan and empower communities in Michigan to conserve their automotive heritage while strengthening future economic opportunities; and

TITLE III—TUSKEGEE AIRMEN NATIONAL HISTORIC SITE, ALABAMA

SEC. 301. DEFINITIONS.

As used in this title:

(1) **HISTORIC SITE.**—The term “historic site” means the Tuskegee Airmen National Historic Site as established by section 303.

(2) **SECRETARY.**—The term “Secretary” means the Secretary of the Interior.

(3) **TUSKEGEE AIRMEN.**—The term “Tuskegee Airmen” means the thousands of men and women who were trained at Tuskegee University’s Moton Field to serve in America’s African-American Air Force units during World War II and those men and women who participate in the Tuskegee Experience today, who are represented by Tuskegee Airmen, Inc.

(4) **TUSKEGEE UNIVERSITY.**—The term “Tuskegee University” means the institution of higher education by that name located in the State of Alabama and founded by Booker T. Washington in 1881, formerly named Tuskegee Institute.

SEC. 302. FINDINGS AND PURPOSES.

(a) **FINDINGS.**—The Congress finds the following:

(1) The struggle of African-Americans for greater roles in North American military conflicts spans the 17th, 18th, 19th, and 20th centuries. Opportunities for African-American participation in the United States military were always very limited and controversial. Quotas, exclusion, and racial discrimination were based on the prevailing attitude in the United States, particularly on the part of the United States military, that African-Americans did not possess the intellectual capacity, aptitude, and skills to be successful fighters.

(2) As late as the 1940’s these perceptions continued within the United States military. Key leaders within the United States Army Air Corps did not believe that African-Americans possessed the capacity to become successful military pilots. After succumbing to pressure exerted by civil rights groups and the black press, the Army decided to train a small number of African-American pilot cadets under special conditions. Although prejudice and discrimination against African-Americans was a national phenomenon, not just a southern trait, it was more intense in the South where it had hardened into rigidly enforced patterns of segregation. Such was the environment where the military chose to locate the training of the Tuskegee Airmen.

(3) The military selected Tuskegee Institute (now known as Tuskegee University) as a civilian contractor for a variety of reasons. These included the school’s existing facilities, engineering and technical instructors, and a climate with ideal flying conditions year round. Tuskegee Institute’s strong interest in providing aeronautical training for African-American youths was also an important factor. Students from the school’s civilian pilot training program had some of the best test scores when compared to other students from programs across the Southeast.

(4) In 1941 the United States Army Air Corps awarded a contract to Tuskegee Institute to operate a primary flight school at Moton Field. Tuskegee Institute (now known as Tuskegee University) chose an African-American contractor who designed and constructed Moton Field, with the assistance of its faculty and students, as the site for its military pilot training program. The field was named for the school's second president, Robert Russa Moton. Consequently, Tuskegee Institute was one of a very few American institutions (and the only African-American institution) to own, develop, and control facilities for military flight instruction.

Robert Russa
Moton.

(5) Moton Field, also known as the Primary Flying Field or Airport Number 2, was the only primary flight training facility for African-American pilot candidates in the United States Army Air Corps during World War II. The facility symbolizes the entrance of African-American pilots into the United States Army Air Corps, although on the basis of a policy of segregation that was mandated by the military and institutionalized in the South. The facility also symbolizes the singular role of Tuskegee Institute (Tuskegee University) in providing leadership as well as economic and educational resources to make that entry possible.

(6) The Tuskegee Airmen were the first African-American soldiers to complete their training successfully and to enter the United States Army Air Corps. Almost 1,000 aviators were trained as America's first African-American military pilots. In addition, more than 10,000 military and civilian African-American men and women served as flight instructors, officers, bombardiers, navigators, radio technicians, mechanics, air traffic controllers, parachute riggers, electrical and communications specialists, medical professionals, laboratory assistants, cooks, musicians, supply, firefighting, and transportation personnel.

(7) Although military leaders were hesitant to use the Tuskegee Airmen in combat, the Airmen eventually saw considerable action in North Africa and Europe. Acceptance from United States Army Air Corps units came slowly, but their courageous and, in many cases, heroic performance earned them increased combat opportunities and respect.

(8) The successes of the Tuskegee Airmen proved to the American public that African-Americans, when given the opportunity, could become effective military leaders and pilots. This helped pave the way for desegregation of the military, beginning with President Harry S. Truman's Executive Order 9981 in 1948. The Tuskegee Airmen's success also helped set the stage for civil rights advocates to continue the struggle to end racial discrimination during the civil rights movement of the 1950's and 1960's.

Harry S.
Truman.

(9) The story of the Tuskegee Airmen also reflects the struggle of African-Americans to achieve equal rights, not only through legal attacks on the system of segregation, but also through the techniques of nonviolent direct action. The members of the 477th Bombardment Group, who staged a nonviolent demonstration to desegregate the officer's club at Freeman Field, Indiana, helped set the pattern for direct action protests popularized by civil rights activists in later decades.

(b) PURPOSES.—The purposes of this title are the following:

(1) To inspire present and future generations to strive for excellence by understanding and appreciating the heroic legacy of the Tuskegee Airmen, through interpretation and education, and the preservation of cultural resources at Moton Field, which was the site of primary flight training.

(2) To commemorate and interpret—

(A) the impact of the Tuskegee Airmen during World War II;

(B) the training process for the Tuskegee Airmen, including the roles played by Moton Field, other training facilities, and related sites;

(C) the African-American struggle for greater participation in the United States Armed Forces and more significant roles in defending their country;

(D) the significance of successes of the Tuskegee Airmen in leading to desegregation of the United States Armed Forces shortly after World War II; and

(E) the impacts of Tuskegee Airmen accomplishments on subsequent civil rights advances of the 1950's and 1960's.

(3) To recognize the strategic role of Tuskegee Institute (now Tuskegee University) in training the airmen and commemorating them at this historic site.

SEC. 303. ESTABLISHMENT OF TUSKEGEE AIRMEN NATIONAL HISTORIC SITE.

(a) **ESTABLISHMENT.**—In order to commemorate and interpret, in association with Tuskegee University, the heroic actions of the Tuskegee Airmen during World War II, there is hereby established as a unit of the National Park System the Tuskegee Airmen National Historic Site in the State of Alabama.

With the agreement of Tuskegee University, the Secretary shall engage appropriate departments, and individual members of the University's staff, faculty, and students in the continuing work of helping to identify, research, explicate, interpret, and format materials for the historic site. Through the President of the University, or with the approval of the President of the University, the Secretary shall seek to engage Tuskegee alumni in the task of providing artifacts and historical information for the historic site.

(3) ROLE OF TUSKEGEE AIRMEN.—The Secretary, in cooperation with Tuskegee University, shall work with the Tuskegee Airmen to facilitate the acquisition of artifacts, memorabilia, and historical research for interpretive exhibits, and to support their efforts to raise funds for the development of visitor facilities and programs at the historic site.

(4) DEVELOPMENT.—Operation and development of the historic site shall reflect Alternative C, Living History: The Tuskegee Airmen Experience, as expressed in the final special resource study entitled "Moton Field/Tuskegee Airmen Special Resource Study", dated September 1998. SEC. 505. ROSIE THE RIVETER NATIONAL PARK SERVICE AFFILIATED SITE.

(a) **FINDINGS.**—The Congress finds the following:

(1) The City of Richmond, California, is located on the northeastern shore of San Francisco Bay and consists of several miles of waterfront which have been used for shipping and industry since the beginning of the 20th century. During the years of World War II, the population of Richmond grew from 220 to over 100,000.

(2) An area of Richmond, California, now known as Marina Park and Marina Green, was the location in the 1940's of the Richmond Kaiser Shipyards, which produced Liberty and Victory ships during World War II.

(3) Thousands of women of all ages and ethnicities moved from across the United States to Richmond, California, in search of high paying jobs and skills never before available to women in the shipyards.

(4) Kaiser Corporation supported women workers by installing child care centers at the shipyards so mothers could work while their children were well cared for nearby.

(5) These women, referred to as “Rosie the Riveter” and “Wendy the Welder”, built hundreds of Liberty and Victory ships in record time for use by the United States Navy. Their labor played a crucial role in increasing American productivity during the war years and in meeting the demand for naval ships.

(6) In part the Japanese plan to defeat the United States Navy was predicated on victory occurring before United States shipyards could build up its fleet of ships.

(7) The City of Richmond, California, has dedicated the former site of Kaiser Shipyard #2 as Rosie the Riveter Memorial Park and will construct a memorial honoring American women’s labor during World War II. The memorial will be representative of one of the Liberty ships built on the site during the war effort.

(8) The City of Richmond, California, is committed to collective interpretative oral histories for the public to learn of the stories of the “Rosies” and “Wendys” who worked in the shipyards.

(9) The Rosie the Riveter Park is a nationally significant site because there tens of thousands of women entered the workforce for the first time, working in heavy industry to support their families and the War effort. This was a turning point for the Richmond, California, area and the Nation as a whole, when women joined the workforce and successfully completed jobs for which previously it was believed they were incapable.

(A) the Rosie the Riveter Park located in Richmond, California, is suitable for designation as an affiliated site to the National Park Service; and
